

UF Health North Hospital

Delivering great things for mothers and babies.

Opening May 2017

At UF Health North, every delivery is special. This spring, our state-of-the-art hospital will welcome expectant mothers with 12 spacious labor and delivery suites. All rooms are private, and some feature hydrotherapy tubs for moms interested in water birth. And with two dedicated obstetric operating rooms, we're prepared for planned or emergency cesarean sections. To maximize comfort and quality of care, each suite has a bassinet so the little one can stay close to mom and plenty of room for visiting family.
