

# Northeast Florida Partners for Children's Health

*Part of one of the nation's largest children's health organizations*

Nemours Children's Specialty Care, Jacksonville physicians care for outpatients and hospitalized patients at Wolfson Children's Hospital.

Children's subspecialties provided to Wolfson Children's include: Anesthesiology, Endocrinology, Gastroenterology, Hematology/Oncology, Hospital Medicine, Infectious Disease, Neurology, Ophthalmology, Orthopedics, Otolaryngology (ENT), Psychology and Psychiatry, Pulmonology/Allergy, Radiology, Surgery and Urology.

*North Florida's only children's hospital and part of Baptist Health, the region's most comprehensive health care system*

Wolfson Children's Hospital provides state-of-the-art medical and surgical inpatient care in a 216-bed hospital, using the most advanced technology in a caring, family-friendly environment designed just for children. Outpatient services include Advanced Imaging, Cardiodiagnostics, Infusion and Neurodiagnostics.

Outside hospital walls, Wolfson Children's serves patients in 11 pediatric multispecialty centers, satellite clinics and rehabilitation locations.

*The largest of three University of Florida medical colleges training pediatric physicians*

The University of Florida College of Medicine – Jacksonville partners with Wolfson Children's Hospital to serve as its main teaching facility.

Physicians with the University of Florida College of Medicine – Jacksonville provide outpatient services, as well as care for hospitalized patients at Wolfson Children's Hospital in the following children's subspecialties: Cardiology, Critical Care Medicine, Genetics, Hospital Medicine, Infectious Disease, Neonatology, Nephrology, Neurosurgery, Palliative Care and Rehabilitation Medicine.

**250+** Physicians

Nemours Children's Specialty Care, Jacksonville, University of Florida College of Medicine – Jacksonville and Mayo Clinic Florida provide physicians from more than 30 pediatric subspecialties to Wolfson Children's Hospital.

## By the Numbers

**12,000+** Hospitalizations annually

Wolfson Children's Hospital is the only full-service hospital for children in Northeast Florida and Southeast Georgia, staffing leading specialists in pediatric care.

**157,000+** Children served annually

Wolfson Children's Hospital works alongside Nemours Children's Specialty Care, Jacksonville and the University of Florida College of Medicine – Jacksonville to keep children as healthy as possible, in and out of the hospital.
